THE NEW FRONTIER OF SPACE IS PASSING THROUGH THE USE OF SPACE STRUCTURES, SATELLITES, SPACE STATIONS AND, IN THE NEAR FUTURE, PLANETARY OUTPOSTS, FOR THE REALIZATION OF INDUSTRIAL APPLICATIONS AND PRODUCTIONS. SPACE WILL NOT ONLY BE CONNECTED TO EXPLORATIONS AND OBSERVATIONS OF THE UNIVERSE; SATELLITES WILL NOT ONLY BE USED FOR COMMUNICATIONS AND EARTH OBSERVATION, BUT THE ORBITING STRUCTURES WILL BECOME REAL FACTORIES FOR INDUSTRIAL PRODUCTION. THE CONDITIONS OF MICROGRAVITY, THE ABSENCE OF ATMOSPHERE, THE UNLIMITED AVAILABILITY OF SOLAR ENERGY, ARE AMONG THE UNIQUE CONDITIONS THAT MAKE EXTRATERRESTRIAL SPACE THE FRONTIER OF THE NEW GOLD RUSH.
