

**We accelerate European  
NewSpace Startups**

About

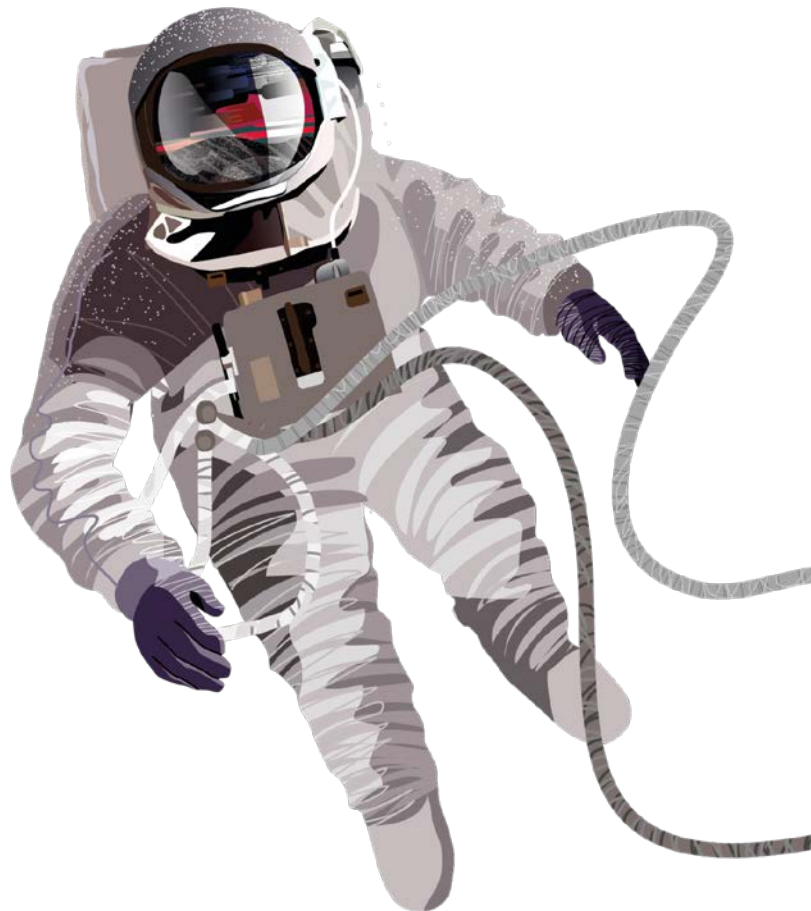

spacefounders

---

SpaceFounders is a initiative from **CNES**, the French Space Agency, to support the fast-growing European newspace ecosystem.

This European Newspace accelerator is jointly run by CNES, the **University of the Bundeswehr Munich**, and the Italian Space Agency (**ASI**).

SpaceFounders supports **top-notch European space tech startups** with tailored mentoring, deep industry know-how, and access to world-class investors to take their business to the next level.

SpaceFounders is the most selective accelerator for space startups in Europe

## SPACENETWORK

SpaceFounders is designed by *space experts for space startups*. We are backed by major European space agencies (CNES, ESA, DLR, ASI..) and space industry leaders.

## European reach

Located at the center of the European space ecosystem, we target *European startups* and offer access to an unrivalled *European* network of *experts and investors*.

## selective

**10 startups** will be selected and offered a **3-month ultra-qualitative bootcamp** and a *privileged access* to our network.

## independent

As our funding is *100% public* and *no equity* is taken, we put startup success at the center of our program and provide *unbiased* support.

*At the heart of the European Space ecosystem*

*FRANCE, Toulouse*

*CNES - Centre National d'Etudes Spatiales*

*GERMANY, Munich*

*UniBw - Universität der Bundeswehr*

*ITALY*

*ASI - Agenzia Spaziale Italiana*

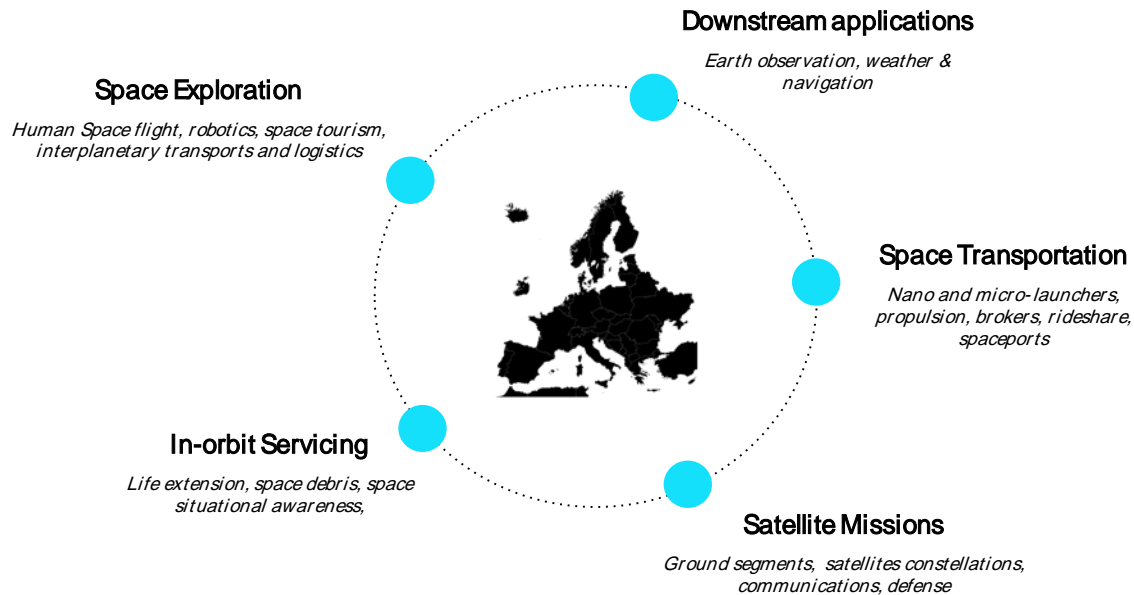

About our

**TARGET** startups

---

SpaceTech startups...

..based in Europe\*

\*Companies based in EU countries, UK or Switzerland

# THE BEST MOMENT TO APPLY

We accelerate European SpaceTech startups, at the following momentum:

## COMMERCIAL TRACTION

---

- ☑ Marketed product
- ☑ First customers

## FUNDRAISING IN PROGRESS

---

- ☑ Grants received
- ☑ Seed / Series A preparation

HOW TO APPLY

---

# SELECTION PROCESS

Batch # 3 2023

## APPLICATION

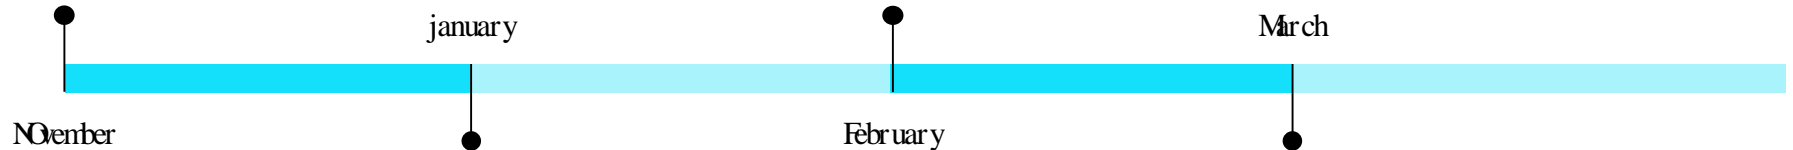

Fill out our online questionnaire about the startup project and upload your pitch deck and business plan.

*Jan 06, 2023 | Deadline application period*

## Selection & onboarding

Finalize the due diligence process and final interviews and get selected in our program.

*February 1, 2023 | Final selection announcement*

November

January

February

March

## SCORING & pitching

If selected, present your startup in front of our selection jury and convince them in a (virtual) live pitching session.

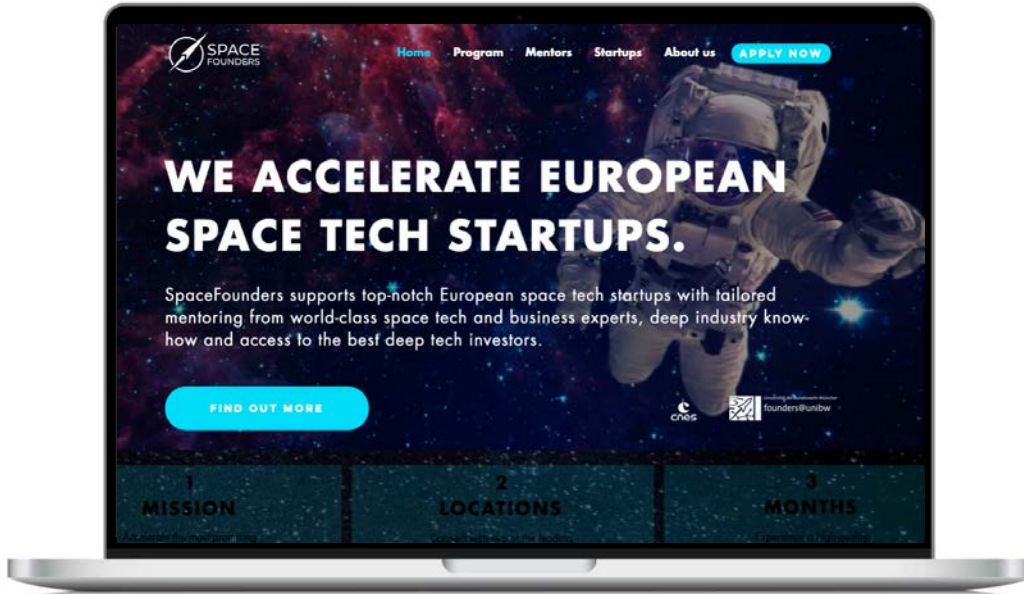

## Program kickoff

Embark on a 3-month high-quality & highly intensive program and join the batch for the first intensive week.

*March 6 - 9, 2023 | Intensive week - Toulouse*

# HOW TO

# APPLY

**APPLY NOW**

- 1 Get answers to all your questions!
- 2 Pre-Registration & Application via website questionnaire
- 3 Pitch your company in front of our jury!
- 4 Skyrocket your startup!

# General Timings & Plannings 2023

The SpaceFounders program takes place twice a year (as of now). The two batches start in spring and fall. It has proved difficult to run the program over the summer break.

## SPRING BATCH 2023 (Batch #3)

### Program March - May 2023

06.03.-09.03.2023 Intensive Week Toulouse

17.04.-20.04.2023 Intensive Week Munich

22.05.-23.05.2023 Demo Day Rome / Paris

### Application Phase

01.11. – 31.12.2022

### Hard Deadline

06th January 2023

### Soft Deadline

31st December 2023

### Evaluation

01.11. - 16.01.2023

### Pitch Days & Selection

23.01.-27.01.2023

## Autumn BATCH 2023 (Batch #4)

### Program September - November 2023

18.09.-21.09.2023 Intensive Week 1

23.10.-26.10.2023 Intensive Week 2

27.11.-29.11.2023 Demo Day
