CISE- ALERT: operationalization launch of CISE through A Long Endurance and Real live Test

What is CISE ?

- EU initiative based on voluntary participation
- Not a new network, but an interoperability tool of existing Information Systems

HOW THE CISE- ALERT ADVENTURE STARTED?

**1. EFFECTOR
PROJECT**

- EU- funded project
financed by Horizon
2020

**2. IDENTIFICA-
TION OF THE
EMFAF* CALL
FOR
PROPOSALS**

* European Maritime, Fisheries and
Aquaculture Fund

**3. PARTNERS
TARGETING +
PREPARATION OF
THE PROJECT
DRAFT**

**4. EU funding
received!**

WHAT DID THE EU EXPECT WITH THE PROPOSAL?

- At least 2 services at the pre-operational phase and to foster the uptake of CISE in view of its operationalization.
- At least 3 use cases in the pre-operational environment.
- Use cases should be piloted for at least 6 months.
- New participants.
- Cross-sector and cross-border collaboration within the CISE network.

- 11 BENEFICIARIES (6 EU MEMBER STATES).
- 2 ASSOCIATED PARTNERS (2 EU MEMBER STATES).

PROJECT ID

How much?

Funding programme: European Maritime and Fisheries and Aquaculture Fund (EMFAF)

Total budget: € 2,868,321.55 (85% through EMFAF)

When?

PROJECT ID

Consortium objectives:

- Test the 5 CISE services in an operational way.
- Meet the various challenges in different sea basins:
 - Drug trafficking
 - Illegal immigration
 - Maritime safety
 - Pre- clearing operations
 - Pollution response
 - Illegal fishing
 - Search and rescue
 - Protection of critical infrastructures
- Enlarge the CISE community.

WORK PERFORMED

- 6 new adaptors developped + 3 adaptors updated.
- 1 new node installed.
- 5 nodes updated.
- CISE operational services tested
 - Vessel of Interest (Vol)
 - Risk Profile
 - Event Reporting (Incident)
 - Request for Operational Assistance (Assets)
 - Area of Interest (Aol)
- Some trials perfomed.

FOCUS ON TRIALS

- Illegal immigration by the Hellenic Ministry of Defense. ✓
- Protection of critical infrastructures by the Slovenian Maritime Administration ✓
- Search and rescue by French Maritime Affairs.
- Pollution response by the Bulgarian Maritime administration ✓
- Drug trafficking by the French Customs.
- Pre- clearing operations by the Italian Customs.
- Illegal fishing by the Portuguese Navy.
- Maritime safety.

PRELIMINARY RESULTS

What went well

- Some dynamic partners
- Coordination with EMSA
- 5 CISE operational services tested
- Encouraging results

What went wrong

- Technical challenges
- North Sea Basin and new comers
- Workload management
- Budget

DID WE REACH THE GOALS OF THE PROPOSAL?

**YES,
YES
AND
YES**

- At least 2 services at the pre-operational phase and to foster the uptake of CISE in view of its operationalization.
- At least 3 use cases in the pre-operational environment.
- Use cases should be piloted for at least 6 months.
- New participants.
- Cross-sector and cross-border collaboration within the CISE network.

NEXT STEPS

Project level

- Run the 3 trials left
- End the project : administrative, financial and technical
- Meet you all at the CISE High level event on 17 October 2024

For the French Secretariat General for the Sea

- Run more tests with new comers
- Work on a directive for using CISE
